

Bar StoolCF500424/CF500430

PART LIST

HARDWARE LIST

ADDITIONAL TOOLS (Not Provided)

Note: It is not recommended to use power tools during assembly.

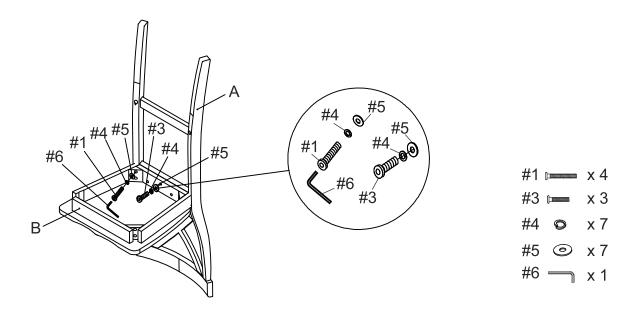

Phillips Head Screwdriver

Step 1. Attach seat frame (part B) to back frame (part A) using long bolts (part #1), short bolts (part #3), spring washers (part #4), flat washers (part #5) and allen wrench (part #6).

NOTE: Do not tighten bolts at this time.

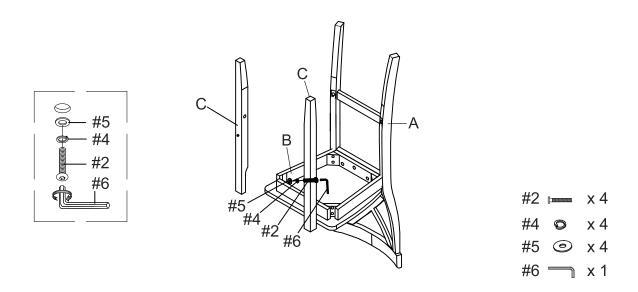

NOTE: Please ensure you are using short bolts (part #3) in center to prevent damage to back frame (part A).

Step 2. Attach front legs (part C) to seat frame (part B) using bolts (part #2), spring washers (part #4), flat washers (part #5) and allen wrench (part #6).

NOTE: Do not tighten bolts at this time.

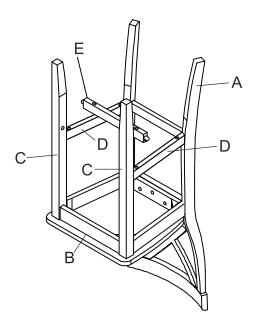

NOTE: The front legs (part C) are marked "R" for right and "L" for left.

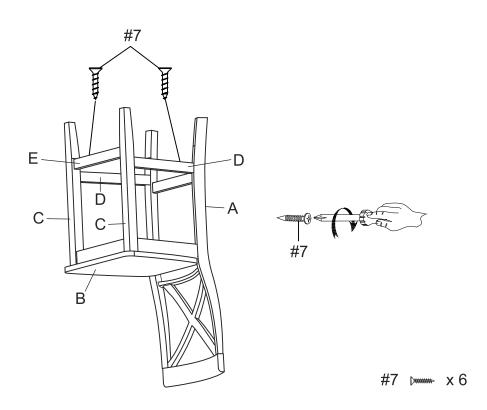

Step 3. Insert side stretchers (part D) into assembled unit (parts A & C). Insert front stretcher (part E) into front legs (part C).

NOTE: The side stretchers (part D) are marked "R" for right and "L" for left.

NOTE: If side stretchers (part D) are not flushed with back frame (part A) and front legs (part C), switch the front legs (part C).

Step 4. Finger-tighten bolts (part #2), do not overtighten. Secure stretchers (parts D & E) using screws (part #7) and phillips head screwdriver.

Step 5. Carefully turn unit upright. Ensure unit is leveled and square then tighten all bolts using allen wrench (part #6). Repeat steps 1-5 for remaining stool.
