

Carrara Marble

Behind the Design

Honed and finished by hand, Carrara marble is quarried directly from the earth and features distinctive markings with natural veining and color variations. Each piece is sealed for longevity.

Care Instructions

- Though sealed, Carrara marble is porous and can be stained, scratched and chipped.
- Blot spills immediately and rinse with a clean, damp cloth.
- Do not place hot items directly on the surface.
- To prevent ring marks, dry immediately.
- Place mats beneath hard objects that might scratch the surface.
- Dust frequently with a clean, soft cloth.
- To clean, use a cloth dampened with warm water and if necessary, a small amount of mild dishwashing liquid or stone soap. Use a second damp cloth to remove soap. Dry with a soft cloth.
- Do not use abrasive cleaners, chemical cleansers or sprays, or products that contain lemon, vinegar or other acids.
