Emmeline Outdoor Side Table Natural

The kind of side table that quietly steals the scene. Emmeline nods to traditional silhouettes, then flips the script with modern outdoor-ready materials for a look that feels familiar and fresh. A sculptural base wrapped in twist synthetic hyacinth brings character and texture, while the aluminum frame keeps it light, sturdy, and easy to live with. Pull it up to a lounge chair, and let the shape do the talking.

- Sculptural Silhouette: A design-forward base that references classic forms while feeling current, giving your outdoor setup an anchored, artful focal point.
- Woven Hyacinth Look: Twist synthetic hyacinth adds natural-style texture and visual depth, delivering warmth and character without relying on delicate fibers.
- Supportive Frame: An aluminum frame provides a strong, stable foundation under the weave, helping the table stay dependable through everyday patio use.
- Easy Sidekick: Sized and styled to move wherever you need it—next to a chair, beside a lounger, or pulled in for extra surface space.
