MOE'S

Harley Side Table Dark Brown

A side table with angles—because your sofa deserves a little architecture. Harley pairs a calm round top with a faceted pedestal that feels like a small sculpture in the room. Made from solid mango wood in a dark brown finish, it shows off natural grain and warm tonal variation. The smooth tabletop keeps styling easy for a mug, book, or lamp. Compact, graphic, and quietly useful—Harley is Moe's Home's shortcut to polish in any corner.

- Architectural Pedestal: Faceted base and round top create a modern, geometric silhouette that adds visual interest without taking over the room.
- Solid Mango Wood: Dark brown finish lets the wood's natural grain and warm tonal shifts show through, so each piece feels distinct.
- Clean Woodwork: Smooth tabletop and crisp edges are crafted for a refined feel, while the pedestal's facets keep the form sharply defined.
- Easy Placement: Use it beside a sofa, lounge chair, or bed for a convenient landing spot for drinks, books, and lighting.
