Joni Nightstand Natural

Some nightstands just sit there—Joni actually brings a point of view. Inspired by rope-like turned detailing with a subtle Grecian nod, it adds structure and softness at once. Crafted with Canadian western hemlock, the natural finish keeps the look light and easy to layer with your bedding. Two drawers handle the tucked-away essentials, while open space keeps bedtime reads within reach. A classic idea, reworked for real-life routines.

- Rope-Turned Charm: Rope-style turned details reference traditional design with a Grecian wink, giving the bedside a little architecture without feeling formal.
- Canadian Hemlock Frame: Made with Canadian western hemlock wood for a warm natural look, supported by veneered panels for stability and consistency.
- Two-Drawer Storage: Two drawers offer smooth, everyday organization for chargers, journals, and the stuff you don't want on display when lights go out.
- Open + Closed Mix: A blend of open and closed storage keeps frequently used items easy to grab while letting everything else stay neatly hidden.
