VIDAA TV

Open a up a world of content through Hisense's VIDAA OS smart platform. With hundreds of apps available and enjoy your favourite TV show, movie, or game. VIDAA provides a simple and intuitive experience.

Smart Home Ready

Built-in Wi-Fi, Bluetooth, Works with both Alexa, Google Assistant & Control4 compatible. It also works with Apple Airplay and Apple Home.

Game Mode & ALLM

No need to manually change picture settings when you're about to join the game. Auto Low Latency Mode (ALLM) detects when a gaming console is active and automatically adjusts projector settings to optimize game performance.

Smooth Motion

With the C1 microsecond-level processor response, you never miss a moment of the action. Fast-moving images are smooth and crystal clear - whether it's sports, gaming, or action films the C1 keeps up with the action.

25,000 Hour Laser Life

Red + Green + Blue Trichrome Laser light technology provides up to 25,000 hours of entertainment without any loss in laser performance. The C1 provides instant-on laser light experience to deliver the perfect picture immediately.

DLP® Technology by Texas Instruments

C1 uses the same DLP projection technology used in 9 out of 10 movie theatres to create laser-focused detail. With extreme clarity and depth of colour, bring that theatre experience home.

Digital Lens Focus

Digital Lens Focus allows you to adjust the projector's focus mechanism with your remote - no need to mess with a focus wheel.

Eye Safety

The C1 takes eye safety seriously with its eye-protection function that dims the picture when something gets a little too close. This is also a great way to prevent children touching the projector.
