MOE'S

Burrow Sleeper Sectional With Storage Chaise Sand Right

Meet the sectional that does it all. The Burrow combines streamlined design with hidden function, featuring a chaise that lifts to reveal storage and a sleeper that pulls out into a short queen mattress. Upholstered in a sand-toned recycled polyester performance blend, it's designed for daily use with a textured hand. With softened corners and toss cushions at the arms, Burrow makes compact living feel considered and complete.

- Streamlined style: Minimal frame with softened arm edges and seat corners creates a clean-lined silhouette that feels modern yet approachable.
- Performance fabric: Upholstered in a sand-toned recycled polyester performance blend, textured for comfort while designed to withstand everyday use.
- Crafted comfort: Foam and fiber cushion fill provides balanced support, while toss cushions at the arms add flexibility and ease.
- Smart function: Chaise opens for hidden storage, while sleeper pulls out to a short queen memory foam mattress—two space-saving solutions in one sectional.
