NOTES

- Heavy thread stitching and channeled back cushion for a tailored look
- Center console stores remotes, magazines, and other personal items
- Two beverage holders keep refreshments close at hand
- Built to last with our DualFlex Spring System—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
- Power control independently adjusts the headrest, lumbar support, and recline for a personalized sit
- Separate home buttons return the headrest and footrest to their original positions with one touch
- USB port built into power button for convenient charging
- Extended footrest enhances comfort and circulation
- Lay-flat mechanism helps you seamlessly shift from sitting to reclining to sleeping position
- High-density cushions consist of a high-resiliency, high-density polyurethane foam core
- Available in polyester fabric options that will hold up in the most demanding environments
- A hand-held power control independently adjusts the headrest and recline for a personalized sit
- A separate home button returns the headrest and footrest to their original positions with one touch
- Removable back makes the recliner easy to reposition and move
- Convenient side pocket for storing hand control
- Heavy-duty design accommodates up to 300 lbs
- Power allows you to smoothly recline to any position, adjust the headrests, and adjust the lumbar supports.
- A single USB port is included on each power button control on styles with arms.
- A home feature returns the headrest, footrest, and lumbar support to their original positions.
- A six-button wired power hand control on the right-hand side of the recliner allows you to control the reclining, headrest, and lumbar mechanisms independently. A single USB port is included on the top of the hand control.

Home Button

The home button returns the headrest, footrest, and lumbar support to their original positions. To activate the home button, press and hold the button used to lower the footrest.
