

ALPINE II

Pillow Top

Designed to relieve pressure in the shoulder and hip areas, the latest RESTONIC COMFORT CARE™ beds each feature Cooling Covers, multiple levels of high quality foam and 25% more support in the center third. From the very beginning, almost 100 years ago, pressure relief, proper spinal support and alignment have been a fundamental focus in all of our mattress designs

FIRMNESS RATING

firm ————— soft

CLIMATE ADAPTION

warmer ————— cooler

MATTRESS HEIGHT 12.5 INCHES

UNIT COIL COUNTS

TWIN: 247 FULL: 342 QUEEN: 420 KING: 520

COOLING COVER

Cooling technology for better temperature control

MARVELOUS MIDDLE™

More coil support in the center third providing pressure relief and weight distribution

TRADITIONAL COILS WITH HELICAL WIRES

Utilizing our 13 gauge traditional coil and adding head-to-toe support with less motion. NOT MOTION BASE ADJUSTABLE.

FOAM ENCASEMENT

The 3" foam encasement gives more sleeping surface area and lasting edge-to-edge support
