MOE'S

Hobbs Media Unit Natural

TV called—it wants a better supporting cast. The Hobbs Media Unit keeps the room feeling calm and pulled together, with softly curved lines that read intentional, not fussy. Solid oak edges and legs bring warmth and durability, while oak veneer over MDF keeps the silhouette clean and consistent. Sliding doors hide the not-so-pretty stuff, round inset handles echo the leg detail, and an open compartment keeps everyday essentials within reach.

- Soft-Curve Silhouette: Rounded post legs and a gently curved profile bring a relaxed, design-forward look that plays nicely with modern or classic spaces.
- Oak, Made Easy: Solid oak edges and legs pair with oak veneer over MDF for a warm natural finish that stays consistent across the whole piece.
- Clean, Considered Build: Thoughtful shaping and aligned details—like the inset handles mirroring the leg design—make it feel cohesive from every angle.
- Hide And Display: Sliding doors offer concealed storage for clutter, while the open compartment keeps consoles, books, or remotes easy to grab and quick to style.
