

Announcing the **NEW** Big Green Egg Deep Dish Pizza & Baking Stone

Let your culinary adventures begin! Enjoy custom baked recipes using your favorite ingredients with the Big Green Egg Deep Dish Pizza & Baking Stone.

When using a convEGGtor to cook with indirect heat using a Pizza & Baking Stone, the EGG performs just like the fire-brick ovens found in the ruins of Pompeii and adapted for use in pizzerias around the world today. With a Big Green Egg, you'll soon be baking like a certified pizzaiolo, creating amazing deep dish pizzas, casseroles, quiches ... even pies, breads and desserts!

The high performance ceramic stone distributes heat for even baking and browning, while pulling moisture from the outer surface of the dough for delicious brick oven crispiness. Since the stones also retain heat, your foods conveniently remain warm longer. Works well with any of your favorite pizza or pie dough — even store bought pizza tastes better baked in an EGG!

For **XXL** **XL** **L** EGGs

CARE: Hand wash only with a brush and water; dry immediately. Soap is not recommended; never wash ceramic in a dishwasher.

14 in diameter x 2 in depth / 36 cm x 5 cm
