**Collection:** Ciao Bella

**Color:** Flaky White

**Number of Shelves:** 3

**Number of Drawers:** 0

**Number of Leaves:** 0

**Style:** Casual

**Finish:** Light Wood

**Brand:** Hooker Furniture

**Product Description:** With a romantic French laundry and Shabby Chic appeal, the Ciao Bella Entertainment Console will star in your family room with its Flaky White finish with hand wire brushing over light and airy perforated doors. Crafted of Poplar and Hardwood Solids with Maple Veneers, the console has 3 sliding doors with one adjustable shelf behind each door, a ventilated back panel, 3-plug outlet and accommodates up to an 80- inch TV.

**Collection Features:** Inspired by the small farmhouses that dot the French and Italian countryside and have been in the hands of the same family for generations, Hooker Furniture introduces the rustic Ciao Bella Collection. The whole home collection is an eclectic mix of European farmhouse pieces that have the appearance of furniture that has been refinished multiple times as it has passed through the generations. Ciao Bella includes bedroom, dining room, occasional, home office and accent furniture, and features a finish called Timeworn Gray that accentuates the historical nature of European farmhouses – many of which include a variety of furniture styles that have been added by each generation of owners.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
