In Stock

Overall: 15"h x 9"w x 6"d

Finish: Dark Brown

Materials: Composite

Item Weight: 4 lbs.

The Rafaela Small Flameless LED Candelabra is a faux bois creation that will hold six LED candle bulbs. The finish on this dark brown candle holder is masterful because it masks the fact that the piece is made of a mix of composite and concrete rather than pure concrete, which makes it lightweight. We offer three sizes so the different heights can be intermingled for even greater charm. Bulbs are not included.
