

# Expressions Sofa

Caracole

Intriguing from every angle, this statement-making sofa offers the look of contemporary design yet gives you the feeling of being cradled within its arms. Its octagonal shape draws inspiration from the facets of a diamond as well as modern architecture. It sits elevated upon a wood plinth base, replicating the octagonal shape above, for an aesthetic of true originality. Enclosed within the sanctuary of this sumptuously upholstered piece you can finally relax in style.
