Product Description: Add visual interest and functionality to a room with the West End Loft Leg Table. It includes an 18" leaf, extending the table from its original size to a generous 96 inches to accommodate more guests during special occasions. A dark tuxedo finish with carefully crafted reeding detail on the apron offers dimension and enhances the overall look. Whether in a formal dining room or as a centerpiece in a more casual setting, this leg table is a statement piece that elevates the entire room.

Collection Features: The West End Loft bedroom and dining room collection is inspired by a traditional reeded design element but with today's elevated style. The small scale reeding is accented by a luxurious piece of vertical hardware in the center of the case.

Status: Active

Finish: The dark tuxedo finish exudes character and timeless appeal

Features: An exquisite blend of classic, transitional design and contemporary flair Includes an 18" leaf, extending the table to 96", perfect for large gatherings and entertaining guests Small-scale reeding on the apron adds a touch of refinement, elevating the overall aesthetic to new heights

Material: Ash Wood Veneers

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
