

TEMPUR LUXEALIGN® HYBRID

ULTIMATE PRESSURE RELIEF WITH ERGONOMIC SUPPORT

The TEMPUR LuxeAlign® delivers the ultimate Tempur-Pedic® pressure relieving and ergonomic-support experience.

Expertly-engineered with indulgent layers of TEMPUR® Material, our most pressure relieving TEMPUR-APR+™ Material, and our Hybrid Technology includes over 1,300* premium innersprings and a proprietary Hybrid material, giving your body exactly what it needs to get truly deep, comfortable sleep.

COOL-TO-THE-TOUCH REMOVABLE COVER

Crafted from ultra-high weight molecular yarn, our premium knit cover moves heat away from your body and mattress. Simple to remove, wash and replace.

HIGH-STRETCH PERFORMANCE PANEL

Inspired by athletic apparel. Comfortable, lightweight and breathable. Designed to boost the adaptive power for TEMPUR® material.

TEMPUR® MATERIAL

Our one-of-a-kind, infinitely adaptable TEMPUR® Material responds to your body's temperature—allowing the material to precisely adapt to your weight and shape in a way no other mattress can.

HYBRID MATERIAL

This responsive material from Tempur-Pedic® is designed to provide easier movement in bed.

TEMPUR-APR+™ MATERIAL

The most-pressure-relieving material we've ever developed with highly advanced properties that respond and react to your body with unmatched precision. Superior pressure relief helps reduce aches & pains.

HYBRID TECHNOLOGY

Two layers of over 1,300* premium innersprings working with the proprietary Hybrid material for a lighter, more responsive feel that helps support any sleep position.

TEMPUR LuxeAlign® series deliver up to **30% more** conforming support than TEMPUR ProAlign® series.

New Removeable Cover is up to **28%** cooler to the touch than the previous generation.

New High-Stretch Performance Panel is **3x more** adaptable than previous generation.

TEMPUR LuxeAlign® Hybrid deliver **15% better** ease of movement than TEMPUR ProAlign® Hybrid.
