25h x 8.75w x 4.75d

Marble

Natural White/Antique Brass

Our Gwen Lamp features a striking marble base, showcasing the natural beauty and unique patterning of the stone. The raw, unpolished texture of the marble gives it a rustic yet elegant appeal, contrasted beautifully with the smooth and modern brass accents that frame the base and cap the design. A rectangular off-white linen shade complements the robust form of the marble, casting a soft, ambient light that enhances the stone's organic features. Ideal for adding a touch of luxury and natural element to any contemporary living space, office, or bedroom, this lamp not only illuminates but also serves as a compelling piece of décor.
