American-Made Mattresses

Every mattress in our collection is proudly made right here in the USA.

Cloud foam made in the USA

Assembled in the USA

Designed in the USA

Sewn in the USA

Certifications

CertiPUR-US® Certified

We've gone the extra mile to ensure that the foam used in all mattresses, pillows, and body pillows are CertiPUR-US® certified. To get a CertiPUR-US® stamp of approval, products are put through a series of rigorous tests. Each foam layer is stripped back and analyzed to the very last minuscule for content, emissions, and durability.
