Hood Insert

**YALE**  
APPLIANCE

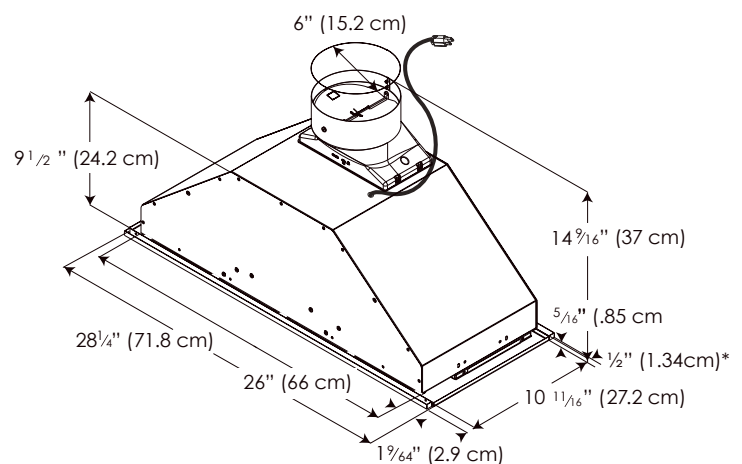

This hood provides professional grade performance, while being discreetly mounted inside the cabinetry. It is available with a 600 CFM blower for extraordinary ventilating power.

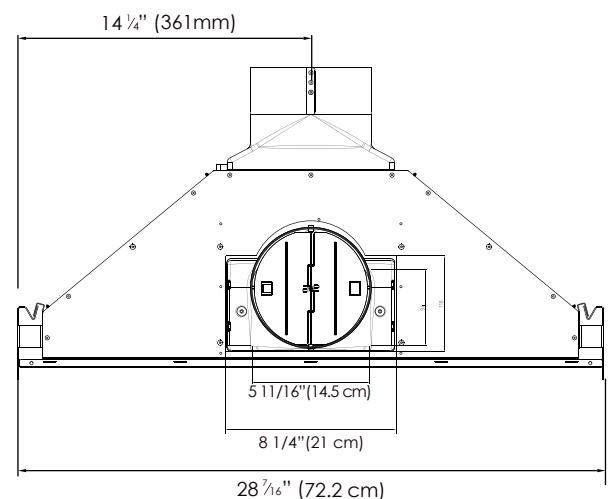

Plus the All-In-One design avoids the need to purchase a stainless liner. Hidden metallic in/out knob controls operate the 4-speed blower and LED lighting. A cleaner kitchen is ensured by angled traditional baffle filters.

## MOUNTING HEIGHT RANGE

  
 $\geq 24"$   $\geq 30"$

\* Stainless Steel Spacers must be installed and used when cabinet depth is greater than 12"

## FEATURES

Quiet System - Specialized technology that allows reducing sound levels of your hood, which can effectively decrease noise by more than 35%.

Stainless Steel Baffle Slot Filters - With a baffle shape and a mesh backing, it allows airflow while preventing grease from passing through. Grease is collected in the baffle cavities with high capacity.

LED Lighting- High Quality LED with 20,000 hours of lifespan allows a significant energy saving.

## AIRFLOW CONTROL

Air Flow Control technology enables the user to reduce the maximum blower CFM of your hood achieving <300 CFMs, to meet local code requirements.

This model includes an Electronic Bypass Kit that needs to be placed at the moment of installing.
