F103

Availability: In Stock

DESCRIPTION

The modern farmhouse aesthetic is here to stay, and we have the perfect dining room table that will bring a welcoming touch to any gathering in our Giselle Rectangle Dining Table. The undulant profile of the wide legs punctured by a sizeable stretcher brings a bit of European flair to this piece that has its roots in the South of France or the Gustavian era in Sweden. We also offer the Giselle in a round dining table for smaller spaces that is no less commanding.
