MOE'S

Cormac Rolling Dining Chair Grey Storm

A dining chair that knows how to roll with it. Caster wheels glide across the floor with a 360° swivel, so the Cormac shifts from dinner to desk without a single lift. A generously padded seat and gently curved back keep the sit relaxed, while high-density foam holds its shape over time. High-performance fabric stays soft to the touch yet shrugs off stains, spills, and daily wear. Comfort that comes along for the ride.

- Curved Dining Profile: Soft curves and a tailored seat keep the silhouette relaxed, so it pairs easily with rustic tables, modern rooms, and everyday gatherings.
- Spill-Friendly Upholstery: Soft Grey Storm polyester upholstery brings a deep neutral tone with water-resistant and stain-resistant performance for everyday dining.
- Supportive Cushioning: High-density foam cushions the seat and back, while a poplar multi-layer board and LVL frame supports shape and stability over time.
- 360° Rolling Ease: Metal wheels with 360° swivel let you glide into place, shift seats, and slide from dining to desk moments without lifting.
