Category: Living Room

Collection: Ciao Bella

Color: Flaky White

Number of Shelves: 0

Number of Drawers: 0

Number of Leaves: 2

Style: Casual

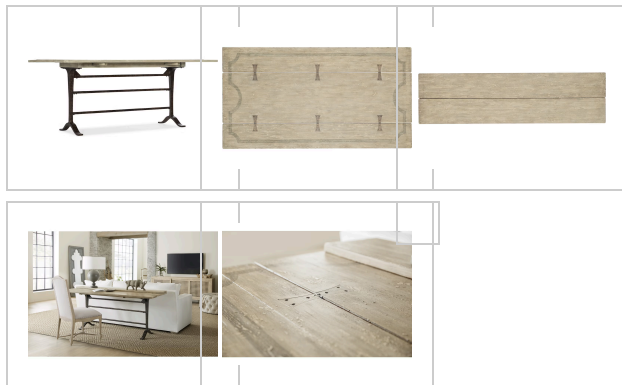

Finish: Light Wood

Brand: Hooker Furniture

Product Description: With a chic French industrial look, you can use this metal and wood console as a sofa table, desk and even for extra dining when guests arrive. Two leaves on either side flip open, and pull-out supports brace the leaves when open. The soft Flaky White finish over Poplar and Hardwood Solids with Maple Veneers contrasts with the Aged Iron base.

Collection Features: Inspired by the small farmhouses that dot the French and Italian countryside and have been in the hands of the same family for generations, Hooker Furniture introduces the rustic Ciao Bella Collection. The whole home collection is an eclectic mix of European farmhouse pieces that have the appearance of furniture that has been refinished multiple times as it has passed through the generations. Ciao Bella includes bedroom, dining room, occasional, home office and accent furniture, and features a finish called Timeworn Gray that accentuates the historical nature of European farmhouses – many of which include a variety of furniture styles that have been added by each generation of owners.

Status: Active

Finish: Flaky white finish with distressing including rasping, hand chiseling, nail holes, wire brushing and emulsion. Aged iron base.

Features: Two leaves flip open

Finger grooves at the ends of the leaves

Four pull-out supports with knobs to support leaves when open

Levelers

Metal base

Material: Maple Veneers, Metal and Solid-Wood Edge Top

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
