MOE'S

# Barrow Rolling Dining Chair Black

Hidden casters under a barrel back—the dining chair that rolls with it. Living-room comfort pulls up to the table, with a gently curved form and a plush, layered seat that makes long dinners easy. Black polyester covers a feather, high-density foam, and poly-fill seat over webbing, on a solid wood and plywood frame. Casters tuck out of sight and glide you from meal to conversation.

- Modern Barrel Shape: A gently curved barrel back and sculptural form bring soft lines and a design-forward look to the dining table or a pull-up workspace.
- Plush, Layered Seat: A seat of feather, high-density foam, and poly-fill brings living-room comfort to dinner, staying soft and supportive through long sits.
- Solid Wood Frame: A solid wood and plywood frame with webbed seat suspension holds the sculpted form steady and supportive for everyday dining.
- Moves With You: Hidden casters and webbing let the chair glide smoothly from meal to conversation, rolling easily across the floor as you go.
