Bent Dining Table Small Oak

Oak with a thick edge and attitude. Bent showcases solid oak's natural grain and subtle variation under a warm oak finish, then sharpens it with an iron base. The substantial top creates a strong shadow line and a sculptural presence that feels architectural, not precious. Built to steady daily use, the base is all clean structure below the organic surface. Seats six comfortably, with room for shared meals and spreading out for work and hosting.

- Thick Edge Profile: Substantial top and live-edge detailing bring organic character to a crisp rectangular shape, balanced by an industrial metal base below.
- Solid Oak Variation: Solid oak shows natural grain and subtle shifts in tone, giving each table a warm, individualized surface that reads true.
- Iron Base Support: A sturdy iron base keeps the thick top steady and emphasizes clean structure, designed for reliable everyday dining and work.
- Seats Six Comfortably: Generous surface space supports shared meals and spreading out, making it easy to switch from breakfast to homework to hosting.
