MOE'S

Round Off Sideboard Natural Oak

Corners, consider yourselves softened. The Round Off Sideboard takes Scandinavian simplicity and rounds it out with gently curved edges and a light oak finish. Designed with a calming presence, its natural wood grain veneer is grounded on a solid rubber wood base. Four seamless doors hide spacious storage, proving minimalism can be practical too. A piece that balances softness and structure, it's where natural beauty meets everyday ease.

- Soft Modern Form: Rounded corners and a clean-lined silhouette bring Scandinavian ease and sculptural presence to your dining room or living space.
- Oak Veneer Finish: A light oak veneer highlights natural grain variations, giving each piece its own organic depth and character.
- Crafted for Stability: Built with an MDF body and reinforced by a rubber wood base for durability that holds up beautifully over time.

Item Code	YR-1008-24
