MOE'S

Fishbone Sideboard Natural

A herringbone pattern that earns the Fishbone its name. Oak veneer doors carry the graphic grain across the front of a solid oak frame, its natural finish letting the wood's warmth do the talking. Iron legs keep the stance sturdy and precise, while a mango wood back rounds out the construction, and doors open to two interior shelves for dinnerware and serving pieces. The stain-resistant surface takes daily life in stride. Storage that wears its craft right on the front.

- Graphic Storage Moment: Natural-finish casework and a bold fishbone door pattern add structure to dining rooms, offices, and entryways without feeling heavy.
- Grain Meets Iron: A solid oak frame and oak veneer doors bring warm, natural grain, while iron legs and a mango wood back keep everything steady.
- Steady, Clean Lines: A crisp rectangular frame and raised iron base keep the silhouette feeling precise, with doors that sit flush when closed.
- Behind Closed Doors: Doors open to two interior shelves, keeping dinnerware, linens, and everyday extras organized and out of sight until they're needed.

Item Code	QM-1003-24
Swatch Code	
Country Of Origin	INDIA
Product Materials	Frame: Solid Oak, Doors: Oak Veneer, Legs: Iron, Back: Mango Wood
General Dimensions	77.0" W X 16.0" D X 33.5" H
