Finish: Taupe / Caviar Black / Polished Brass / Blue

Materials: Sycamore Veneer / Mahogany / Engineered Hardwood / Brass / Iron /
Faux Velvet

Item Weight: 98 lbs.

The Kallista Large Taupe Desk is clad in sycamore veneers with a beautiful taupe finish that enlivens the wood grains on the top, sides, and drawers. The shape of each of the cast brass door pulls mimics the scale of the detail below the drawers. The legs and delineated details that run along the top edge of the front and sides of the desk are made of mahogany in a caviar black finish and the tailored ferrules are in a polished brass finish. Specialty treatments include wood drawer slides, a fully-finished back, and faux velvet drawer liners.
