

Butchart Basket

G154

Availability: In Stock

DESCRIPTION

When a light an airy accompaniment to the seating in a space is called for, our Butchart basket offers a lightness of being while serving as an occasional table. The wire mesh and frame of the table have been treated to a weathered zinc finish that echoes the veining in the marble top to create a cohesive design. This is one of our most versatile pieces that can go from screened porch to loggia to a home’s interior spaces with ease. For use outdoors, it is recommended that this basket be sealed annually to reduce rusting.
