### Step 3

1. Install the Backrest(B/D) into the Seat(A) by positioning the female metal receiver brackets over the male metal posts. Ensure that female metal receiver brackets on each side of the backrest line up with the seat metal posts. Push the female brackets down male posts simultaneously until each side is locked into place and an audible “ click ” is heard.
2. Install the LAF Wing(E) and RAF Wing(F) into by sliding wing in a downward motion along the side of the seat back to connect the brackets.
3. Install the Middle Back cushion by inserting 3 screws into predrilled holes on Console Body. Screw up from bottom to attach the console back.
4. Connect the wire. A wire with yellow label for headrest motor connect with yellow, C wire in green label for seat motor connect with green, B in round shape for heat massage and hand control.
5. Attach the flap to the seat frame by pulling the flap down, and pressing the bottom hem under the seat base, connecting the velcro.

5.

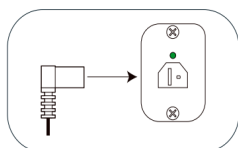

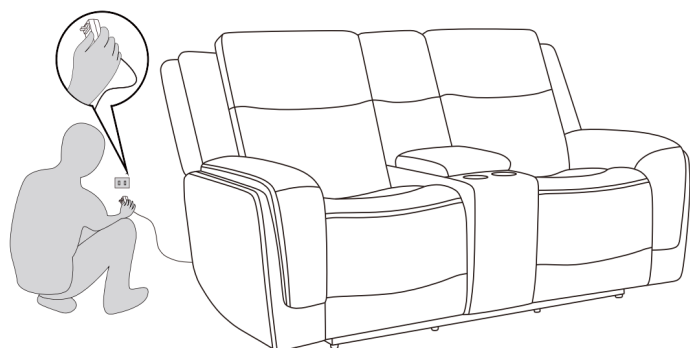

Seat contains 2.2 Density Foam, Back Cushion contains 100% Fiber.

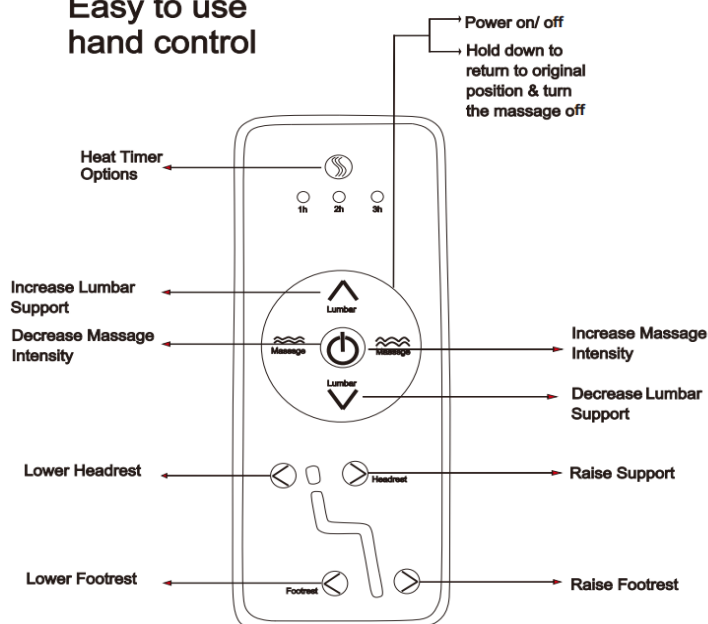

## Power Connection

Connect firmly one end of the wall plug transformer cord into the DC adapter located in the lower back corner of Recliner and plug the other end into a power outlet/wall socket and enjoy.

**Note:** After all connections made, the green LED will be lit up and it will announce "power on" for speaker. Enable bluetooth on your mobile device and select "speaker" from the list. A voice prompt will say "connected" to confirm a successful pairing.

### Easy to use hand control

## Speaker Setup Guide:

- 1. Power Up:** Connect the power cable to the product and plug it into an outlet. It will announce "power on" when connected.
- 2. Pairing:** Enable Bluetooth on your mobile device or smart TV and scan for available devices. Select "SPEAKER" from the list.
- 3. Connection Confirmed:** A voice prompt will say "connected" to confirm a successful pairing.
- 4. Enjoy !** You can now play any music or video on your device. Adjust the volume directly on your device as needed.

## Troubleshooting:

- Turn off the headphone safety function on your device to achieve maximum volume.
- Connect to multiple SPEAKERS by pairing to one, and the nearby SPEAKERS will sync.
- Use a Bluetooth receiver for non-smart TVs.
