MOE'S

Henrik Bookcase Natural

Five shelves, infinite “finally organized” potential. Henrik keeps things clean and classic, with a minimal oak look that fits in without fading out. Adjustable shelves slide into integrated notches along both side panels, so books, bins, and display pieces can shift as your life does. Oak veneer panels add stability, while solid oak edges bring strength and a crisp finish you’ll notice up close. Simple, flexible, and quietly hardworking—exactly what a bookcase should be.

- Minimal, Timeless Shape: A clean-lined profile in Natural oak tones makes an easy match for everything from airy modern spaces to warmer, lived-in rooms.
- Oak Veneer Stability: Oak veneer panels help the frame stay steady and consistent, keeping the look clean while supporting everyday storage and styling.
- Solid Oak Edges: Solid oak edge construction adds durability where it matters most, finishing each shelf with a refined detail that holds up to use.
- Fully Adjustable Shelves: Five shelves adjust to any height using integrated notches on both side panels, so your storage can change without a toolbox.

Item Code	TU-1005-24
