Product Description: Elevate your living room decor with the Amari Ottoman from our contemporary M121 Amari collection. Crafted with precision from sustainably sourced wood, this ottoman combines sleek design with eco-friendly construction. Choose from over 130 fabric options, including performance fabrics, to match your style and preferences. Whether used as a footrest or extra seating, the Amari Ottoman adds a touch of sophistication to any space. Pair it with other pieces from the collection for a cohesive look that reflects your modern lifestyle.

Status: Active

Features: Rectangle shape

Material: Fabric

Frame Construction: Our M upholstered furniture collection pieces are benchmade from sustainably sourced wood and upholstered start to finish by our skilled craftspeople in both North Carolina and Virginia. Every piece has been thoughtfully designed for today's modern lifestyle. Frames are constructed of sustainably certified kiln dried engineered hardwood. Frame parts are joined with precision cut interlocking joints that are glued, stapled to reduce movement, twisting and warping. Frames have cornerblocks that are glued and screwed at stress points, especially on seat rails and other high stress areas. Depending on rail thickness, frames may be of a hybrid construction, adding a solid hardwood inner frame to give seat rails additional support.

Fabric: Choice of over 130 fabrics including a wide selection of performance fabrics
