24-inch Panel-Ready Dishwasher (2nd Generation)

SKS

ENERGY STAR

FlushFit™
Design offers a seamless, integrated style that elevates your kitchen in an instant.

1-Hour Wash & Dry Cycle
QuadWash™ Pro and Dynamic Heat Dry™ work together to deliver a complete wash and dry in just 1 hour.

QuadWash™ Pro
High-pressure jets with 38% more cleaning power*, spray dishes from multiple angles, while soaking them with over one million microbubbles.

PowerSteam® for Cleanability and Sanitation
Harness the power of steam for superior cleaning and fewer water spots, leaving dishes sparkling. The Steam cycle is certified by the National Sanitation Foundation to reduce bacteria by 99.999% and reach a final rinse temperature over 150°F for added peace of mind.**

BlastZone™ Bottle Wash
Powers through bottles, bakeware, and more in just 1 hour.

Dynamic Heat Dry™
Dynamic Heat Dry circulates hot air for faster and thorough drying including hard to dry plastics so dishes are table ready right off the rack.

Easy Loading and Maximum Flexibility
EasyRack™ Plus offers exceptional flexibility, adjusting to almost any load for optimal cleaning. The height-adjustable 3rd rack adds space for everything from flatware to wine glasses.

Wi-Fi Enabled ThinQ® Technology
ThinQ® Technology with ThinQ Care offers extra peace of mind—monitor cycle status, start cycles remotely, receive alerts, and access specialized wash programs, all from your mobile device.

Innovation

Installation Clearances

Notes

This dishwasher is designed to fit a standard dishwasher opening. An opening may be needed on both sides to route plumbing and electrical connections. See marked areas above for water and electrical clearances in base of dishwasher.

To ensure proper drainage, install the dishwasher no more than 12 ft. (3.65 m) from the sink.

Electrical connection should be in an accessible location adjacent to and not behind the dishwasher and within 4 ft. (1.2 m) of the dishwasher's side.
