NOTES

Center storage console features two cup holders and space to house remotes, magazines and other items

Handle-activated recline system, accessible on both arms, allows you to manually adjust between sitting and reclining

Pad-over armrests enhance comfort and provide additional forearm support

Seat features divided chaise pad for added comfort and refined look

High-divide back cushions have distinctive look and cradle the head, neck and shoulders

Biscuit-tufted back cushions the lower back

Built to last with our DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability

High-density cushions consist of a high-resiliency, high-density polyurethane foam core with a soft fiber wrap that ensures comfort as you sit and recline with a soft fiber wrap that ensures comfort as you sit and recline

Available in durable, cleanable performance fabrics will withstand everyday use by an active family

Available in over 250 fabrics to suit any décor

Removable backs allow for easy lifting and maneuvering through doorways

Footrest easily lowers when you apply pressure in a downward motion

Easy-to-access power controls in both arms adjust the recline

Power control allows you to adjust between sitting and reclining

USB port built into power control for convenient charging

Power control independently adjusts the headrest and recline for a personalized sit

Home button returns the headrest and footrest to their original positions with one touch

Power allows you to smoothly recline to any position.

A single USB port is included on each power button control on styles with arms.

The power control allows you to independently adjust the recline and headrest.

A separate home button returns the headrest and footrest to their original positions with one touch.

A USB port is included on the power control for powering electronics.

Zero draw technology only uses power when the USB port is in use.
