

## HT-X9000F

### X9000F 2.1ch Dolby Atmos® Soundbar

Your audio content comes alive with the 2.1 channel Dolby Atmos / DTS:X Soundbar.<sup>2</sup> The Vertical Sound Engine reproduces sounds that seem to come from above, beside, and behind you for an immersive experience. Utilize one of five sound modes optimized for movies, music, gaming, news, and sports.

#### Bullets

---

- 2.1ch Dolby Atmos/DTS:X and Vertical Sound Engine<sup>2</sup>
- Five sound modes for enhanced movies, music, gaming, news and sport.
- 4K HDR compatibility<sup>2</sup>
- Easy connection with HDMI/HDMI ARC<sup>2, 3</sup>

#### Features

---

##### Hear sound from all directions with max 7.1.2 surround sound

Vertical Surround Engine, our latest surround sound technology, lets you enjoy the thrill of the latest cinema audio formats like Dolby Atmos and DTS:X in a single slim unit.<sup>2</sup> No matter what type of room you're in, its three front speakers reproduce "vertical" sound, creating virtual surround sound that seems to come from all around you

##### Everything upscaled close to 7.1.2ch

Now you can enjoy everything you watch in maximum 7.1.2ch. Our advanced digital signal processing converts any audio to immersive surround sound with just the click of a button on the remote.<sup>1</sup>

##### Sound modes to match your entertainment

Five different sound modes enhance your entertainment experience. Go deeper into the movies with Cinema mode, and experience more action from your game play thanks to Game studio mode created by PlayStation developers. Sport mode fine tunes ambient crowd noise so you can feel the field-level action, while Music mode lets you and hear the detail in every song. News mode is designed for clear dialogue

##### The perfect combination

Our design studio created the HT-X9000F and BRAVIA X90F to complement each other perfectly, which is why this soundbar looks so good in front of your TV. You can even connect them wirelessly for an ultra-clean look.

##### Enjoy all your movies in 4K HDR quality

With the latest 4K HDR 18Gbps pass through and HDCP 2.2, the HT-X9000F is made for the latest home cinema formats including Dolby Vision, HDR10 and Hybrid Log Gamma.

##### Connect to all your equipment

One-cable audio and video for your equipment and your TV.

##### One-cable HDMI ARC

Send audio and control information from your TV using just one cable with HDMI ARC.<sup>3</sup>

##### Wireless connectivity with your TV <sup>1</sup>

Connects to your TV wirelessly using Bluetooth® technology so you can place the Soundbar to your liking. <sup>1</sup>

##### Stream with Bluetooth® technology

Stream music wirelessly from your smartphone or tablet with Bluetooth® technology. <sup>1</sup>

##### Connect with USB

Plug in via USB to play back your favorite albums.
