Type: Entertainment Centers, TV Stands

Category: Home Entertainment

Collection: Big Sky

Number of Shelves: 6

Number of Drawers: 0

Number of Leaves: 0

Style: Casual

Finish: Browns

Brand: Hooker Furniture

Product Description: Inspired by the natural beauty, dramatic vistas and rough-hewn timber of the American wilderness, the Big Sky Entertainment Center is crafted of Pecky Hickory and Maple Veneers with a Solid Wood Edged top and two-tone finish. The exterior Dusk finish is a dark, rubbed-bronze metallic-like finish with a gesso texture. The interior Vintage Natural finish is warm, rustic and organic over Hickory Veneers with natural knots. Console features four doors with soft-close hinges, two adjustable shelves behind each pair of doors, two adjustable shelves in the center section, a ventilated back panel and power supply.

Collection Features: The natural beauty and near mystical experience of the American wilderness inspires a spirited collection from Hooker Furniture, a celebration of dramatic vistas and the freedom to roam, a land of rough-hewn timber and towering snow-capped peaks, boundless plains, and cool, clear mountain lakes. Hooker brings home a dream of wide-open spaces and a life lived in tandem with iconic landscapes with furnishings that evoke the weight, heft and heritage of post and beam construction, the mark and artistry of true craftspeople, and substantive, thoughtful designs right for today. Watch for warm, rustic, hickory veneer, and rich finishes like charred timber, dusk, and avalanche, organic textures like burlap and top grain leather, forged hardware, and classic moldings for the traditionalist. Those with a more modern bent will gravitate toward the clean lines of waterfall edges, crosshatch surfaces and

planking details that speak to authenticity and the hand of the maker. Welcome to the peaceful, easy feeling of Big Sky. It's time to simply breathe.

Status: Active

Max TV Size: 80" Flat Screen

Finish: Dusk finish on exterior: Dark, rubbed bronze metallic-like finish with a gesso texture. Vintage Natural finish on door fronts and center shelves: a warm, rustic, organic finish over hickory veneers. Distressing includes chopping, rock, drawknife, gauging, chain distressing and wire brush.

Two adjustable shelves behind each pair of doors

Two adjustable shelves in center section

Ventilated back panel

Power supply

Levelers

Material: Maple and Pecky Hickory Veneers with Solid Wood Edged Top

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
