This fixed-top dining table features rich hickory veneers with a warm brown finish accentuate the unique cross-bar leg design, bringing visual interest where you'd least expect it. Mix and match with other pieces of the Denman collection for coordinated dining room styling.

**Collection Features:** Inspired by Drew and Jonathan's upbringing in the Pacific Northwest, Denman is larger in scale, with lower and deeper profiles. The dining group includes a rectangular table with two 18" leaves and a bar-height table and sideboard. Coordinating dining seating options include a side chair and stool with leather upholstery.

**Status:** Coming Soon 1

**Finish:** Rich brown finish on Hickory veneers

**Features:** Bar-height trestle table with transitional design

**Material:** Hickory Veneers

**Frame Construction:** Drew & Jonathan Home uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

**Important Use Information:** We recommend using coasters, placements and trivets when using hot containers with this item.
