1200-0935

In Stock | New

Overall: 7.5"h x 10.5"w x 9.75"d

Finish: White

Materials: Porcelain

Item Weight: 4 lbs.

The Godet Twist White Vase is a technological feat. The deep furrows that wrinkle around the form to create waves of movement are achieved with such a uniformity they can only be machine-made. The most surprising thing about this handsome vessel is that it is made of 3D-printed porcelain, an ancient material you might not expect to be so amenable to such a modern process.
