Product Description: Couture and chic, the Cascade Entertainment Console combines a slender and graceful silhouette with a two-tone finish in a serene color palette of whites, creams and taupe. The outside of the case is crafted of Oak Veneers in the soft taupe Terrain finish with dry brushing, while the door and drawer fronts are in a chalk-colored cast resin, accented by champagne-colored bar pull hardware and a metal base. The two doors have soft-close hinges and one adjustable shelf behind each door. There's a ventilated back panel and an power supply. Three drawers.

Collection Features: Designed to interject a sense of calm and tranquility into interior spaces, the Cascade Collection creates an elegant - yet livable ð retreat from our modern day, fast-paced lifestyles. Characterized by its light and airy neutral color palette and use of mixed materials including oak, lacquered burlap, metal accents and champagne-tone hardware, the collection's modern styling can easily find its way into a variety of interiors across the country. As soothing as water falling from a steep rocky slope, the Cascade Collection was designed to spark Zen, tranquility and calmness in any living space.

Three drawers
One adjustable shelf behind each door
Ventilated back panel
Power supply
Levelers

Material: Oak Veneers, Cast Resin Drawer and Door Fronts and Metal

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
