Unfinished headboard back, plastic feet protection and top coat in a flat finish

Shape is rectangular

Product Dimensions: 82"L x 80"W x

52.5"H, Item Weight: 160.5 lbs

Item requires assembly of headboard and footboard to rails using provided hardware and a box spring is required

Complete your perfect look by mixing and matching your decor with the extensive range of products from Butler Specialty Company! Discover endless possibilities to express your style and create a space that truly feels like home.

Mortise and Tenon Joinery

Footboard height measures 19.25"H and has 8" clearance off the ground on the siderails

This piece features veneer work and engineered wood substrates. The wood veneer is used for a smooth and consistent color tone, while the engineered wood beneath it provides strength and structural longevity and allows us to achieve specific looks and functions that are not easy or able to be achieved with solid wood

Weight Capacity: 800 lbs

Ideal for use in a bedroom or guestroom

To clean, wipe with a dry cloth; dust regularly. No harsh chemical cleaners that can damage the wood
