COLLECTION INSPIRATION

Where coastal charm meets cabin comforts.

Discover the Tide & Timber collection, where the charm of coastal living meets the craftsmanship of American hardwood. This fresh and versatile collection offers a wide range of finishes, fabrics, and colors, making it easy to style in any home.

Storage pieces in the collection feature a modern reveal beneath the top and classic beaded rails, blending contemporary and traditional design. Choose from two wooden bed styles—the Fretwork and Pencil Poster beds—both available with an optional storage footboard. The collection also

includes a customizable upholstered bed in various fabrics, an upholstered daybed, and a writing desk paired with a Windsor desk chair.

Expertly crafted by over 400 artisans in southern Virginia, Tide & Timber delivers heirloom-quality furniture designed for the modern home.

Constructed from American Maple (painted finishes) or American White Oak (wood stain finishes).

Proudly Made in the USA.
