Type: Nightstands

Category: Bedroom

Collection: Driftwood

Number of Shelves: 1

Number of Drawers: 1

Style: Casual

Finish: Light Wood

Brand: Hooker Furniture

Product Description: Blending oak and stone, this Buckboard-finished nightstand includes one self-closing drawer, a pull-out tray, and a fixed bottom shelf. The stone top adds both beauty and durability.

Collection Features: Striking a balance between heritage craftsmanship and contemporary versatility, where history and refinement are woven into every detail, the 45-piece Driftwood collection is rooted in authenticity. Revealing a depth of texture and a timeworn patina that evokes the beauty of naturally aged materials, the collection unfolds in three finishes. Buckboard evokes the quiet warmth of sun-faded oak. Worn Saddle is deep and burnished, a nod to the supple leather of well-loved armchairs and hand-tooled heirlooms. And Burnt Timber, dark and moody, carries the quiet drama of wood softened by time and touch. With an emphasis on craftsmanship and enduring style, the Driftwood collection offers a sophisticated yet livable approach to design, reminding us that true beauty—like great design—only grows richer with time.

Status: Active

Finish: Buckboard evokes the quiet warmth of sun-faded oak

Features: Inset stone top
One self-closing drawer
One pullout tray
One fixed bottom shelf

Material: Oak Solids, Oak Veneers and Stone

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Expected Availability: 01/31/2026

Important Use Information: We recommend the use of felt tabs and coasters to protect the stone surface. All stone tops, especially those around water should be sealed or polished before use and on a regular basis to keep the porous stone from absorbing any stains from water, soap, wine, colas, etc. Wipe up spills immediately, since any liquids allowed to seep in may not be able to be removed and may etch the surface, causing discoloration. Most home improvement stores have a wide range of products for these applications due to the sale of stone counter tops.
