

Mobile bar cart with a rustic hardwood finish on select hardwoods and veneers

Metal components are finished in aged iron and metal accents finished in aged brass

Large hinged, metallic sphere features storage for liquor and glassware

The sphere is finished in aged iron with riveted metal bands finished in aged brass

A large wooden working surface encompasses the sphere for entertaining and drink preparation

A complementing riveted metal band finished in aged brass is wrapped around the perimeter

Two wooden shelves are provided below with metal railings finished in aged brass and rivets

Shelves provide ample storage for wine and liquor bottles, glasses, and stemware

Four antique brass ball casters allow the cart to be easily moved and placed against a wall or in an open setting to be accessed from all sides

Some assembly is required
