NOTES

Center storage console features two cup holders and space to house remotes, magazines and other items.
Handle-activated recline system on the side of both arms allows you to manually adjust between sitting and reclining.

Pull-tufted, triple-divide back cushions support your back and have distinctive look.
Rounded pad-over track arms enhance comfort and provide additional forearm support.
Contoured seats with chaise pads for a comfortable, tailored look.

Built to last with our DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability.
Attached back and seat cushions stay right where you want them, keeping you comfortable and your space tidy.
High-density cushions consist of a high-resiliency, high-density polyurethane foam core with a soft fiber wrap that ensures comfort as you sit and recline.

Available in durable, cleanable performance fabrics that will withstand everyday use by an active family.

Available in over 250 fabrics to suit any décor.

Removable backs allow for easy lifting and maneuvering through doorways.

Footrest easily lowers when you apply pressure in a downward motion.

Power controls on both arms effortlessly adjust the recline, keeping you comfortable.

USB charging port built into power control keeps devices powered up and ready to use.

Power controls on both arms independently adjust the headrests, recline and lumbar for a personalized sit.

Home button returns the headrest and footrest to their original positions with one touch.

Power controls on both arms independently adjust the headrest and recline for a personalized sit.

Power allows you to smoothly recline to any position.

A single USB port is included on each power button control on styles with arms.

The power control allows you to independently adjust the recline, headrest, and lumbar support.

A separate home button returns the headrest, footrest, and lumbar support to their original positions with one touch.

A USB port is included on the power control for powering electronics.

Zero draw technology only uses power when the USB port is in use.

The power control allows you to independently adjust the recline and headrest.

A separate home button returns the headrest and footrest to their original positions with one touch.
