

Cosmo Performance Pillow

Sizes Available: 0.0, 1.0, 2.0, 3.0

The Technology Behind The Innovation:

- Ver-Tex™ Cover - Instant-cooling fabric designed to help reduce overheating by dissipating heat away from your body.
- Hybrid Design- Dual-sided comfort consisting of two or more fill types with one side softer and the other side firmer ensuring the ultimate balance of comfort and support.
- Cooling Active Core™ – A breathable inner core with our proprietary fill technology that helps reduce overheating by absorbing and dissipating heat, while maintaining consistent comfort and support.
- React™ Crown - Responsive foam crown provides firm conforming pressure relief.
- React™ Blend – Proprietary blend of responsive foam that includes shredded React materials mixed with silk-like fibers for a softer, plush feel.
- Air-X® Mesh and Air Vents - Engineered to promote continuous airflow and direct heat away from the body to help prevent overheating.
- Removable Washable Cover – Designed for easy care—just unzip and wash to keep your pillow fresh, night after night.
