**Brand:** Hooker Furniture

**Collection Features:** Americana is a celebration of our rural heritage that reflects the character, strength, and natural beauty of a simpler time. The Americana collection reimagines historical pieces and designs with a fresh take on finish, function, hardware, and forms. Offering bedroom, dining room, entertainment, accent and occasional items, each piece in the collection strikes a timeless balance between history and nature. Crafted with oak veneers, Americana features three core finishes – Daisy, Honey and Molasses – as well as assorted accent finishes with decorative artwork. Key design elements include parquet tabletops, two-tone finishes, architectural arched details, seeded glass and antique mirrors. Hardware includes classic bale-style and hand-hammered metal hardware, both in a muted brass tone finish.

**Status:** New

**Finish:** Daisy finish on base and Honey finish on top. The Americana Daisy finish is a time worn white finish on cathedral oak veneers representing the natural wear one might expect of pieces passed down through the family over time revealing the rich oak character beneath. The Americana Honey finish features a gentle, warm brown tone. The distressing hints at the passage of time, while the smooth surface invites you to run your fingers across it, connecting you with the generations who came before. Metal alloy pulls in an antique bronze finish.

**Features:** Eleven self-closing drawers

All four top drawers have black removable felt liners

Second left drawer has black removable felt-lined jewelry tray

Bottom two drawers are cedar lined

All drawers have the Honey finish inside

Two tone finish

**Material:** Oak Veneers and Cedar Veneers with Solid-Wood Edge Top

**Drawer Construction:** Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
