

White LCD weather forecaster alarm clock with genuine bamboo front frame and fold-out stand.

Colorful LCD display shows the time, indoor and outdoor temperature in °F or °C and relative humidity, month, date, day of the week, moon phase, as well as the future weather forecast (Sunny, Partly Cloudy, Cloudy, Rainy, Stormy) based on atmospheric changes.

Selectable 12- and 24- hour time display.

Dual alarms allow you to set different alarm times during the week (M-F) and on the weekend (S-S).

Repeatable snooze can be set from 5-30 minutes.

An outdoor temperature alert lets you know if the temperature goes above or below a range you set.

Maximum and minimum temperature and humidity are stored in memory.

Temperature, humidity, and air pressure trend indicators.

It includes a wireless sensor for detecting outdoor temperature and humidity.

AC-powered adapter included for continuous display.

Battery backup allows the clock and alarm to function with a limited display during a power outage.

The folding stand allows the clock to be used as a tabletop clock or wall clock.

Quartz, battery-operated alarm clock requires four AAA batteries (not included).
