So Much Joy 1

D2538S50752-4071

So Much Joy 1 is a visually interesting piece that recalls the work of Adolph Gottlieb, an American Painter and first-generation Abstract Expressionist. Employing Gottlieb's framework for uncovering the unconscious mind, So Much Joy 1 utilizes symbolism that at once feels familiar and unfamiliar. Perceived initially as snippets of writing or quick sketches, the abstract forms are intended to recall a shared emotional intensity. One that can be universally known. Drawing in the viewer through a pleasing balance of form and color, So Much Joy 1 is an inspiring and emotional work of art on canvas. Part of the carefully curated ART by TA Collection.
