

HENDON

LOVESEAT | SM6227-LV

DETAILS:

A sophisticated influence on a traditional design, the sloping flat-paneled arms recall the rigidity of Noir-era loveseat while a variety of pillow styles add a modern flavor. The gray refined linen fabric is accented by shiny nail-head trim that emphasizes the unique outline of the sofa and loveseat contours. This is luxury and then some, complete with a plush dynamic provided by a total of twelve pillows.
