

## ASPEN PERFORMANCE® PILLOW

Take your sleep to all-new peaks with Aspen’s ultra-breathable Air-X® Mesh and Air Vents, moisture-wicking Dri-Tec® cover, and Hybrid+ design.

- **Dri-Tec® cover** wicks moisture away from the body and disperses it for quick evaporation.
- **Hybrid Design** allows for a dual-feel sleep experience.
  - The **React™ Crown** is an adaptive foam providing conforming support for head, neck, and shoulders.
  - The **React™ Blend** is a proprietary blend of foam and fiber with adaptive and conforming properties for support and pressure relief.
- **Air-X® Mesh** ensures continuous airflow throughout the pillow and **Air Vents** ensure directed heat release.
- **Removable and Washable Cover** allows you to always keep your pillow clean for longer lasting comfort.
- **4 profiles** ensure the perfect fit for every customer no matter their body type and sleeping position.
