Ella Outdoor Accent Chair Natural

An outdoor chair that thinks in curves. Ella starts with an oval idea, then hides it in a relaxed, modern silhouette made for lingering. Twist synthetic hyacinth wraps the seat in airy texture, while an aluminum frame keeps the profile light and ready for the patio. Add the plush foam cushion and subtly rounded back, and you'll settle in longer than planned. Natural keeps it bright, breezy, and effortless. Outside, it reads calm—not plain ever.

- Soft Oval Energy: An oval-based form hides in plain sight, giving outdoor spaces a calm, modern outline that feels fresh in natural.
- Twist Hyacinth Wrap: Twist synthetic hyacinth brings airy texture and an easygoing look, pairing well with stone, wood, or lush greenery.
- Light Frame Strength: An aluminum frame keeps the silhouette clean and supported, designed for outdoor settings where everyday use is part of the plan.
- Cushion-Ready Comfort: A plush foam cushion and subtly curved backrest make lingering easy—whether you're hosting, reading, or doing absolutely nothing.
